2027 NFCA Wildfire Risk Reduction Program
Funding Application

Application due to NFCA by Wednesday, January 6, 2027

General Information	
Project type	☐ Hazardous Fuels Reduction Treatment (award up to **$100,000**)
Project Title	
Amount Requesting	$
Applicant Organization	
Applicant Address	Street: City: State: Zip:
Applicant Project Contact	Name: Title: Phone: Email:
Applicant Grant / Financial Contact	Name: Title: Phone: Email:
Applicant Authorized Official	Name: Title: Phone: Email:
Organization Type	☐ County Government ☐ Municipality ☐ Political Subdivision (e.g. Soil & Water Conservation District) ☐ Native American Tribe ☐ Non-Profit Organization
Federal EIN/UEI – REQUIRED:	
Active SAM.gov Account Status – REQUIRED	

Project Scoring	Maximum Points
Applicant has an active SAM.gov account; N - Disqualifies Application	10
Applicant is appropriate Organization Type: County Government ☐ Municipality ☐ Political Subdivision (e.g. Fire Protection District, etc.) ☐ Native American Tribe ☐ Non-Profit 501©3 ☐	10
Project clearly identified a benefit to BLM public land ~2 miles	10
Applicant has received past grant funding or project is a continuation of another project	5
Project benefits one or more Wildland Urban Interface (WUI) Communities-At-Risk or a community of interest to BLM	5
Applicant has identified community partners and their role in the project. Is documentation provided: Yes ☐ No ☐	5
Project Timeline: Project has well defined tasked and time frames	5
Budget Summary: The project offers a well-supported, cost-effective budget for hazardous fuels treatment, effectively leveraging resources and partnerships.	5
Applicant provides in kind, match, or cost share (includes waiving of indirect rate)	10
Application provides a clear Scope of Work and clearly identifies project need	5
The project is well aligned with and enhances ongoing efforts, demonstrating strong coordination and synergy with other local, regional, or federal initiatives. Project ties into other existing work being done by federal, state, or local agencies.	10
Treatment method(s) are appropriate for the project site	5
Type and number of landowners are clearly identified	5
Total Maximun Score	**70**

Scoring

- Active SAM account is required by submission of application.
- Nexus to BLM is heavily weighed. A perfect 10 will be awarded to projects within ~2 miles.
- One of the ways we look at cost effectiveness is cost/acre. Treatment method(s) are appropriate for the project site
- Providing a match, in kind, or cost share (waiving indirect rate) it will increase your score. Please call out in the application.
- Budget Summary: The project offers a well-supported, cost-effective budget for hazardous fuels treatment, effectively leveraging resources and partnerships.
- Rent, don't buy equipment.
- Multi-agency review panel

2026 Applications

- Grant applications submitted - 14
- Hazardous Fuels Reduction Projects Funded – 10
- 4 Remaining projects ineligible, however referred to other potential programs.
- **Total Funds Requested:** $965,911
  - **Offered in FY26:** $762,715
  - **Awarded:** $665,932
  - **Carried forward to FY27:** $96,783

2026 Awardees

Recipient	Project Name	Award
Washoe Tribe of CA / NV	Wildfire Risk Reduction on Tribal Lands	$74,997
Humboldt County	Fuel Reduction Support to Senior Residents	$75,000
Clark County Wetlands Park	Wetlands Park 2026 Fuels Reduction	$75,000
Elko County / Elko County FPD	Jackpot / Northeastern NV Fuels Reduction	$75,000
Central Lyon County Fire District	Rollin A Phase 4	$75,000
Truckee Meadows Fire District	Silver Knolls D-Space	$70,415
Winnemucca Indian Colony	Wildfire Prevention on the Winnemucca Indian Colony	$28,000
Sparks Fire FD / D'Andrea HOA	D'Andrea Ranch Phase III HOA	$60,000
Truckee Meadows Fire District	Via Biana Steamboat Fuel Break	$75,000
City of Elko Fire Department	Property, Weed and Brush Abatement	$57,520

Total Funded (FY26): $665,932

Counties Represented: Carson, Clark, Douglas, Elko, Humboldt, Lincoln, Lyon, Washoe, White Pine
Participating Entities: 2 Tribe, 2 NGOs, 2 Counties, 6 Fire Departments

Project Examples

https://www.nvfirechf.org/wuigrant

D’Andrea HOA / Sparks Fire Dept. 2026

- **Subaward Amount: $60,000**
- Scope: to weed whip any cheat grass and cut to ground level any wood brush (rabbit brush, sage, salt-bush, etc.), paint the cut areas with brush killer, and remove cuttings for a 100’ width along the community’s border with the BLM.

After that work,

- the area will have a pre-emergent herbicide applied to reduce regrowth
- This will assist the HOA’s ability to control vegetation in this area in the future.
- Weed whipping, shrub cutting and herbicides are the actions needed to reduce fuel load in this area. The ground surface is rocky and doesn’t lend itself to mechanical or machine removal.

Pershing County 2025

Pershing County – Subaward Amount: $28,000

Vegetation Removal along county roadways (200 miles)

- Strong project progress clearing hazardous fuels along 200 miles of roadway through the county.
- The County is using their equipment and personnel to complete the work.
- Cleaned roadsides w/ motor grader in vicinity of Pleasant Valley, Ragged Top, and Millich Road.
- Project is 20% Complete

Humboldt County 2025

Humboldt County – Subaward Amount: $66,200

This project provides hazardous fuels reduction actions for senior citizens who are unable to do the work, or purchase the work needed to reduce the fire fuels within their property.

- Increasing homeowner interest due to increased fire activity in the county.
- 41 parcels have been completed. The equivalent of approximately 75 acres has been treated on private property owned by elderly and disabled residents.
- Due to the success of this project, Humboldt County has indicated an interested in continuing the program. More information will follow.

Lincoln County 2025

Lincoln County – Pioche & Caselton – Subaward Amount: $75,000

Developing and extending critical fire breaks in high-risk residential areas. Notable heavy fuel loading.

- 35% of project has been completed.
- Focused on heaviest fuels and mastication areas first. Project expected to reach 90–100% completion by end of Q3
- 75% of area that can be masticated is complete.
- 10% of work to be accomplished by hand crew is complete.
- Growing enthusiasm from rural urban interface communities
- Important opportunity for small rural areas that rarely receive such projects.

Cold Creek Canyon HOA 2025

- **Cold Creek Canyon HOA – Clark County, NV – Subaward Amount: $68,570**
- Active FireWise community working on expanding and strengthening existing fuel breaks.
- Notable heavy fuel loading in remote, off-grid terrain.
- SAM.gov account not active. Remains unfunded.

Sparks Fire Dept 2025

Sparks FD – Sparks, NV – Subaward Amount: $29,000

8 – 30 yd green waste dumpsters are placed throughout the community. They will be in place for 7 days beginning today.

- Gathered 230 cubic yards of waste. One site filled quickly, and a replacement dumpster was ordered. Abuse of the dumpsters with unapproved items was minimal throughout.
- Communications via email and phone calls with the public were positive, and inquiries into program status were more than expected.
- D'Andrea Wildfire Preparedness Group requested their own dumpster for the Fall Program to conduct a community fuels reduction event. This will occur on 10/18/25.
- 45% of the project is complete.
- October 13th at 7 sites, plus an 8th location on October 17th.

Central Lyon County FPD 2025

Central Lyon Fire - Dayton, NV – Subaward Amount: $75,000

This project will complete a 3-phase project known as Rollin A Open Space. Phase 1 was completed prior to this project.

- Phase 2 is targeted mowing of 69 acres.
- Phase 3 is targeted mowing and hand removal on 59 acres.

Partners include the following -

- Lyon County Parks & Red (project on their property
- Dayon Valley Conservation District
- Lyon County Sheriff's Office – They are providing work opportunities for their inmate crews.
